on LEAF TestinMeyer/R2/USEPA/US@EPA, Pete Raack/DC/USEPA/US@EPA, William Sawyer/R2/USEPA/US@EPA

Rosemarie - I believe that you and George Meyer have discussed the AES matter.

I attach some key documents: (1) a citizen suit notice letter, (2) the company's response, and (3) the company's comments on Leaching Environmental Assessment Framework (LEAF) test results and appended calculations . Pete Raack should already have these documents.

The Region would like to have a call with OECA (and OSRE if appropriate) concerning this matter . Would Tuesday Feb 12 (after 10:30 AM) or Weds Feb 13 in the morning work for you ?
